

Stud Welding Automation

Semi and Fully Automated Stud Welding Solutions

Efficiency through Automation

Keystone offers a wide range of semi and fully automated stud welding solutions customized for your specific application. Our welding automation provides competitive advantages such as higher quality & repeatability increased capacity and higher productivity all of which help reduce your manufacturing costs.

- ▶ Time Savings - Welds up to 40 studs per minute
- ▶ Accurate, Precise and Repeatable
- ▶ Capacitor Discharge & Drawn Arc Stud Welding Systems
- ▶ Durable and Dependable
- ▶ Keystone's Auto Feed Quality Studs Ensure Weld Quality & Feeding Consistency

Keystone's Production Equipment features:

- ▶ Servo Motor Driven, X, Y and Z Axis
- ▶ Quick Traverse Speeds
- ▶ Fast Weld Speeds
- ▶ Simple Programming Featuring K-Stud® Technology
- ▶ Multiple Weld Head / Feeding Systems options
- ▶ Pick and Place components
